Introduction

This Guidebook is provided to assist publicly recorded Americans in our task of reinstalling our lawfully elected public officials and our sovereign Assembly governments at the town, county and state levels of our restored de jure American Government.

Recognizing that our United States Government has been substituted for our American Government for 165 years --- yes, since 1861 --- this task will be daunting, but nonetheless, must be undertaken if we are to correct this grave error.

The foundational principles contained herein and the bulk of this content are based on the extensive research of historian and Fiduciary for the Federation of States, Anna Maria Riezinger and the Federation's Living Law Firm.

You are not expected to know what a "de jure" government is, let alone, what is meant by a "republican form of government." So, in order for you to take on this duty as the ultimate Creators of government, you will need to first study the Reconstruction Roadmap of the American Government.

As you study the map on the next pages, watch this informational video presented by the Federation's own Peacekeeping Task Force, Resurgence Pulse Report #8 - "Reconstruction Roadmap" (End of Series 1): <https://www.youtube.com/watch?v=KQu2gMsSnzI&t=4994s> to get introduced to the component parts of our American government, the progress that has been made thus far and the untraveled road that lies ahead of us.

Consider yourselves pioneers. This has not been done before.

Yes. We have had a fully operational American Government in the past, but we have not had to reconstruct what once was after 165 years of its dormancy. They refer to as "in interregnum."

The reason that you are experiencing the government overreach from our United States government is because our American government is missing. It's reconstruction never happened after the American Civil War and nobody told you.

Right now, it's time to roll up our sleeves and attend to the business at hand.

Let's get started.

This is now punishable as a CRIMINAL OFFENSE.

National Identity Crisis

This **Reconstruction Roadmap of the American Government** presents a visual guide that lays out the path required to restore the lawful de jure government of America that has been missing for more than 160 years. Each of us needs to declare our birthright political status, acknowledge the respective jurisdictions, and operate within the appropriate government form. By doing this, Americans regain their rightful control over the governance of this country.

The paramount principle of our republican form of government is to honor and protect the rights, prerogatives and assets of the individual.

~ 2 Routes for Action ~

3,143 Counties are comprised of 19,500 plus Towns. Townspeople have the right and responsibility to gather in Assembly – not in a council, not as a commission and not as a trustee. As Fiduciary Deputies, we self-govern and we provide ourselves with a republican form of government, i.e. **The Clark County Assembly – Land and Soil Jurisdiction.**

route 1

Self-governance

Populate every county with 2 declared ASNs to reclaim its American provenance as The Union State/ i.e. **The Nevada Union State**, a republican state.

"This is the **one, urgent, whole, entire, gotta do it thing.**"

route 2

Diplomacy

Hereditary Head of State
Federation of States

Each of the 50 States of the Union, i.e. **Nevada**, had to be repopulated starting with just one (1) declared ASN.

Then the Hereditary Head of State called all 50 States to assemble in general session, i.e. **The Nevada Assembly - Land, Sea, and Global Air Jurisdictions.**

A Declaration of Joint Sovereignty & Sovereign Letters Patent were reissued and served to the United Nations.
